Greetings from IEEE DTU,

We know this year has been hard on everyone, but as a wise man once said "**Adversity Inspires Innovation**".
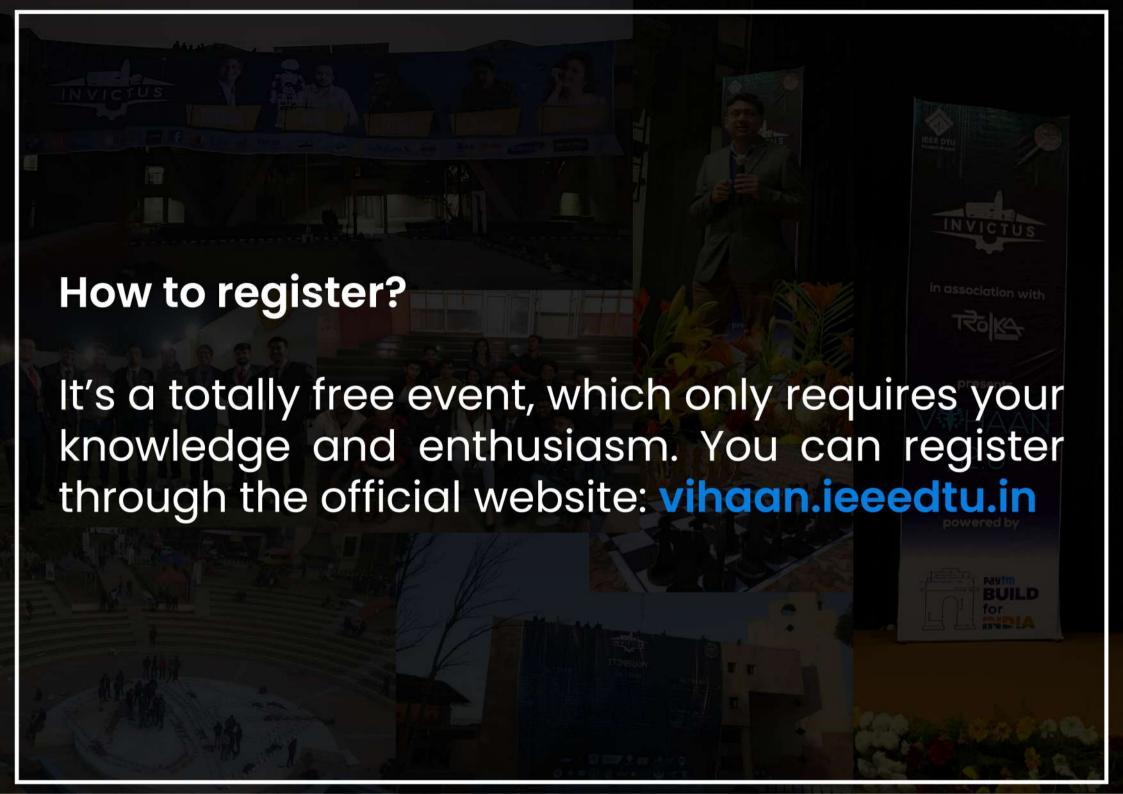

We are looking at you to come up with unique solutions to various problems plaguing our world! **IEEE DTU** invites you to **Vihaan, the biggest hackathon in North India!**

What is Vihaan?

Vihaan is a national level, team-based hackathon to challenge your creative potential and build innovative solutions to existing problems. You'll need to form or be a part of a team to participate. Teaming up will help you socialize and increase your reach.

Are there any prerequisites for participating?

Participation is the essential part; learning is the goal. You might need a basic idea of coding though on the development side. If you are a college undergraduate or a high school student, you'll just need your trusty laptop and a sufficient bandwidth internet connection.

How to register?

It's a totally free event, which only requires your knowledge and enthusiasm. You can register through the official website: **vihaan.ieeedtu.in**

The Incentives?

Digital Ocean: $100 credit for 60 days
Repel.it: 3 months subscription worth $21
Shashido: $120 credit
Taskade: 1 year premium subscription
EchoAR: Buisness plan
Wolfram Alpha: 1month subscription worth $25
Interview Cake: Access to premium courses for 30 days
Proto.io: 60 days license

In addition, you will get a chance to win a 20% discount on books from Rosenfeld and No Starch Press, discount vouchers from Coding Blocks, Tessaract Lights, Interview Buddy, digital swags from Microsoft and Vihaan, t-shirts, cash prize, sipper and much more.

Thank You
